Advantage

- High elastic fabric base, using special processing technology, stable shaping;
- Maintain high adhesion at high temperatures without sand detachment, while the resin has high toughness and strong impact resistance;
- The abrasive is made of customized ceramic abrasive with small crystal size and good self sharpening performance, maintaining high sharpness for a long time;
- The abrasive undergoes strict shaping, uniform and consistent, with high wear resistance, good surface roughness of the ground workpiece, and long service life
- 220 # customizable
